Environmental Impact Assessment Review
22 (2002) 735–744

Environmental Impact Assessment Review

www.elsevier.com/locate/eiar

SUBJECT INDEX FOR VOLUME 22

A

Aircraft
Assessing health consequences in an environmental impact assessment: The case of Amsterdam Airport Schiphol, 633

Air pollution prevention and control act
Strategic Environmental Assessment and its development in China, 101

Airport
Assessing health consequences in an environmental impact assessment: The case of Amsterdam Airport Schiphol, 633

Alternative dispute resolution
Building consensus on divisive issues: a case study of the Yukon wolf management team, 655

Amami Islands
Developing economic vulnerability indices of environmental disasters in small island regions, 393

Amount of detail
How scale affects environmental impact assessment, 289

Analytic hierarchy process
An integrated assessment model for cross-country pipelines, 691

Annoyance
Assessing health consequences in an environmental impact assessment: The case of Amsterdam Airport Schiphol, 633

Aosta Valley (Italy)
Reviewing 1990s SEA/EIA in the Aosta Valley (Italy) by a set-oriented perspective, 37

ARC/INFO-AML-programming
Evaluation of urban land-use structures with a view to sustainable development, 475

Attitude
The effect of attitudinal differences on interface conflict on large construction projects: The case of the Pak Mun Dam project, 311

Automobile industry policy
Strategic Environmental Assessment and its development in China, 101

C

Canadian SEA
The Canadian experience with SEA and sustainability, 3

0195-9255/02/$ – see front matter © 2002 Elsevier Science Inc. All rights reserved.
PII: S0195-9255(02)00080-X

CEA
CEA and sustainable development: Evidence from UK case studies, 17
Citizen participation
Building consensus on divisive issues: a case study of the Yukon wolf management team, 655
Classification
Value of the SIRIS method for the classification of a series of 90 chemicals according to risk for the aquatic environment, 377
Cluster analysis
Evaluation of urban land-use structures with a view to sustainable development, 475
CO_2
Regional energy and CO_2 scenarios: a decision support tool for policy makers, 449
Coastal zone planning
Strategic Environmental Assessment and its development in China, 101
Compact city
Evaluation of urban land-use structures with a view to sustainable development, 475
Complaints
Assessing health consequences in an environmental impact assessment: The case of Amsterdam Airport Schiphol, 633
Conference
Environmental impacts of an international conference, 543
Conflict resolution
Building consensus on divisive issues: a case study of the Yukon wolf management team, 655
Consensus building
Building consensus on divisive issues: a case study of the Yukon wolf management team, 655
Consumption
The grey side of ICT, 509
Correspondence analysis
Reviewing 1990s SEA/EIA in the Aosta Valley (Italy) by a set-oriented perspective, 37
Cross-country petroleum pipeline project
An integrated assessment model for cross-country pipelines, 691
Cultural heritage
Review of present European environmental policies and legislation involving cultural heritage, 611
Cumulative effects assessment (CEA)
Cumulative effects assessment: A review of UK environmental impact statements, 415
Cumulative effects assessment
CEA and sustainable development: Evidence from UK case studies, 17

D

Decision support
Regional energy and CO_2 scenarios: a decision support tool for policy makers, 449
Degree of compactness
Evaluation of urban land-use structures with a view to sustainable development, 475
Degree of surface sealing
Evaluation of urban land-use structures with a view to sustainable development, 475
Department of Environment
Environmental impact assess-

ment in Bangladesh: A critical review, 163
Development pressure
Strategic Environmental Assessment and its development in China, 101
Discrete choice experiment
Eliciting public preferences for municipal water supply options, 337

E

Eco-impacts
Mountain expeditions: minimising the impact, 561
E-commerce
Energy implications of online book retailing in the United States and Japan, 493
Economic vulnerability index
Developing economic vulnerability indices of environmental disasters in small island regions, 393
Egypt
A comparative evaluation of the EIA systems in Egypt, Turkey and Tunisia, 213
EIA
Comparison of conventional and geo-spatial EIA: A shrimp farming case study, 361
EIA
Cumulative effects assessment: A review of UK environmental impact statements, 415
EIA Evaluation criteria
A comparative evaluation of the EIA systems in Egypt, Turkey and Tunisia, 213
Electronic education
Sustainable services, electronic education and the rebound effect, 525
Elevated highway
Parametric sensitivity analysis of noise impact of multihighways in urban areas, 145
Energy
Regional energy and CO_2 scenarios: a decision support tool for policy makers, 449
Energy
Energy implications of online book retailing in the United States and Japan, 493
Energy plant
Environmental impact assessment—a tool for sustainable development? A case study of biofuelled energy plants in Sweden, 129
Energy resources
Sustainable services, electronic education and the rebound effect, 525
Environment
Environmental impacts of an international conference, 543
Environmental assessment
The Canadian experience with SEA and sustainability, 3
Environmental Conservation Act 1995
Environmental impact assessment in Bangladesh: A critical review, 163
Environmental Conservation Rules 1997
Environmental impact assessment in Bangladesh: A critical review, 163
Environmental design
Environmental design implementation in Taiwan's industries, 685
Environmental disasters
Developing economic vulner-

ability indices of environmental disasters in small island regions, 393
Environmental impact
The grey side of ICT, 509
Environmental Impact Assessment
Notes on authors in this issue, 1
Environmental impact assessment
Environmental impact assessment—a tool for sustainable development? A case study of biofuelled energy plants in Sweden, 129
Environmental impact assessment
Environmental impact assessment in Bangladesh: A critical review, 163
Environmental impact assessment
How scale affects environmental impact assessment, 289
Environmental impact assessment
Integrating environmental impact assessment with master planning: lessons from the US Army, 583
Environmental impact assessment
Review of present European environmental policies and legislation involving cultural heritage, 611
Environmental mediation
Building consensus on divisive issues: a case study of the Yukon wolf management team, 655
Environmental monitoring
An event-based archive of soft maps for temporal analysis and visualisation of glacier changes, 463
Environmental risk assessment
Value of the SIRIS method for the classification of a series of 90 chemicals according to risk for the aquatic environment, 377
Environmental sustainability
Strategic Environmental Assessment and its development in China, 101
Environmental sustainability assurance
Environmental impact assessment in Bangladesh: A critical review, 163

F

Feasibility analysis
An integrated assessment model for cross-country pipelines, 691

G

Geographical Information Systems (GIS)
Notes on authors in this issue, 1
GIS
Comparison of conventional and geo-spatial EIA: A shrimp farming case study, 361
Gravitation approach
Evaluation of urban land-use structures with a view to sustainable development, 475
Grid analysis
Evaluation of urban land-use structures with a view to sustainable development, 475

H

Habitats directive
Cumulative effects assessment: A review of UK environmental impact statements, 415
Health
Assessing health consequences in an environmental impact as-

sessment: The case of Amsterdam Airport Schiphol, 633
Heart disease
Assessing health consequences in an environmental impact assessment: The case of Amsterdam Airport Schiphol, 633
Hydrogeology
Notes on authors in this issue, 1
Hypertension
Assessing health consequences in an environmental impact assessment: The case of Amsterdam Airport Schiphol, 633

I

Impact
Environmental impacts of an international conference, 543
Impact assessment
Assessing health consequences in an environmental impact assessment: The case of Amsterdam Airport Schiphol, 633
Information and communication technologies
The grey side of ICT, 509
Infrastructure development
Uncertainty and social impacts: A case study of a Belgian village, 79
Integration
An integrated assessment model for cross-country pipelines, 691
Integrational equity
Environmental impact assessment—a tool for sustainable development? A case study of biofuelled energy plants in Sweden, 129
Interface conflict
The effect of attitudinal differences on interface conflict on large construction projects: The case of the Pak Mun Dam project, 311
Intergenerational equity
Environmental impact assessment—a tool for sustainable development? A case study of biofuelled energy plants in Sweden, 129

L

Large construction project
The effect of attitudinal differences on interface conflict on large construction projects: The case of the Pak Mun Dam project, 311
Life cycle assessment
Energy implications of online book retailing in the United States and Japan, 493
Logistics,
Energy implications of online book retailing in the United States and Japan 493

M

Master planning
Integrating environmental impact assessment with master planning: lessons from the US Army, 583
Material flow analysis
Regional energy and CO_2 scenarios: a decision support tool for policy makers, 449
Meta-study
Reviewing 1990s SEA/EIA in the Aosta Valley (Italy) by a set-oriented perspective, 37
Method
Assessing health consequences in an environmental impact as-

sessment: The case of Amsterdam Airport Schiphol, 633
Mining EIA
Notes on authors in this issue, 1
Mitigating measures
Mountain expeditions: minimising the impact, 561
Mountain expeditions
Mountain expeditions: minimising the impact, 561
Municipal water supply
Eliciting public preferences for municipal water supply options, 337

N

National Environmental Policy Act 1969
Environmental impact assessment in Bangladesh: A critical review, 163
Negotiating teams
Building consensus on divisive issues: a case study of the Yukon wolf management team, 655
Negotiation
Building consensus on divisive issues: a case study of the Yukon wolf management team, 655
Noise
Assessing health consequences in an environmental impact assessment: The case of Amsterdam Airport Schiphol, 633
Noise barriers
Parametric sensitivity analysis of noise impact of multihighways in urban areas, 145
Noise impact assessment
Parametric sensitivity analysis of noise impact of multihighways in urban areas, 145

O

Odour
Assessing health consequences in an environmental impact assessment: The case of Amsterdam Airport Schiphol, 633

P

Packaging
Energy implications of online book retailing in the United States and Japan, 493
Pak Mun
The effect of attitudinal differences on interface conflict on large construction projects: The case of the Pak Mun Dam project, 311
Policy
Regional energy and CO_2 scenarios: a decision support tool for policy makers, 449
Policy
Review of present European environmental policies and legislation involving cultural heritage, 611
Predictive
Notes on authors in this issue, 1
Present value
An integrated assessment model for cross-country pipelines, 691
Price of residential land
Evaluation of urban land-use structures with a view to sustainable development, 475
Process management
Building consensus on divisive issues: a case study of the Yukon wolf management team, 655
Product life cycle
Environmental design imple-

mentation in Taiwan's industries, 685
Project cluster
CEA and sustainable development: Evidence from UK case studies, 17
Public involvement
Building consensus on divisive issues: a case study of the Yukon wolf management team, 655
Public participation
Strategic Environmental Assessment and its development in China, 101
Public preferences
Eliciting public preferences for municipal water supply options, 337

Q

Quality control
How scale affects environmental impact assessment, 289

R

Ramsar sites
Cumulative effects assessment: A review of UK environmental impact statements, 415
Rebound effect
The grey side of ICT, 509
Rebound effect
Sustainable services, electronic education and the rebound effect, 525
Regional energy strategy
Strategic Environmental Assessment and its development in China, 101
Regional modelling
Regional energy and CO_2 scenarios: a decision support tool for policy makers, 449
Registries
Assessing health consequences in an environmental impact assessment: The case of Amsterdam Airport Schiphol, 633
Remote sensing
Comparison of conventional and geo-spatial EIA: A shrimp farming case study, 361
Remote sensing images
An event-based archive of soft maps for temporal analysis and visualisation of glacier changes, 463
Resource management
Building consensus on divisive issues: a case study of the Yukon wolf management team, 655
Respiratory disease
Assessing health consequences in an environmental impact assessment: The case of Amsterdam Airport Schiphol, 633
Risk perception
Assessing health consequences in an environmental impact assessment: The case of Amsterdam Airport Schiphol, 633

S

Scale effects
How scale affects environmental impact assessment, 289
Scoping
Conceptualising social impacts, 183
SEA
Cumulative effects assessment: A review of UK environmental impact statements, 415

Settlement
Building consensus on divisive issues: a case study of the Yukon wolf management team, 655
Shrimp farming
Comparison of conventional and geo-spatial EIA: A shrimp farming case study, 361
Significance of impacts
Notes on authors in this issue, 1
Similarity
Reviewing 1990s SEA/EIA in the Aosta Valley (Italy) by a set-oriented perspective, 37
SIRIS method
Value of the SIRIS method for the classification of a series of 90 chemicals according to risk for the aquatic environment, 377
Site of Special Scientific Interest (SSSI)
Cumulative effects assessment: A review of UK environmental impact statements, 415
Small islands region
Developing economic vulnerability indices of environmental disasters in small island regions, 393
Social impact assessment
Environmental impact assessment in Bangladesh: A critical review, 163
Social impact assessment
Uncertainty and social impacts: A case study of a Belgian village, 79
Social impact assessment SIA
Conceptualising social impacts, 183
Social impact variables
Conceptualising social impacts, 183
Social indicators
Conceptualising social impacts, 183
Soft classification approaches
An event-based archive of soft maps for temporal analysis and visualisation of glacier changes, 463
Spatial extent
How scale affects environmental impact assessment, 289
Spatial indices
Notes on authors in this issue, 1
Strategic environmental assessment
Strategic Environmental Assessment and its development in China, 101
Strategic environmental assessment
The Canadian experience with SEA and sustainability, 3
Strategic environmental assessment
Review of present European environmental policies and legislation involving cultural heritage, 611
Strategic framework
CEA and sustainable development: Evidence from UK case studies, 17
Structure-type approach
Evaluation of urban land-use structures with a view to sustainable development, 475
Sustainability
CEA and sustainable development: Evidence from UK case studies, 17
Sustainability
The Canadian experience with SEA and sustainability, 3

Sustainable development
Environmental impact assessment—a tool for sustainable development? A case study of biofuelled energy plants in Sweden, 129
Sustainable development
CEA and sustainable development: Evidence from UK case studies, 17
Sustainable development
The Canadian experience with SEA and sustainability, 3
Sustainable urban form
Evaluation of urban land-use structures with a view to sustainable development, 475
Systematic cord foundation measures
A comparative evaluation of the EIA systems in Egypt, Turkey and Tunisia, 213

T

Thailand
The effect of attitudinal differences on interface conflict on large construction projects: The case of the Pak Mun Dam project, 311
Time-based retrieval
An event-based archive of soft maps for temporal analysis and visualisation of glacier changes, 463
Traffic Noise Model
Parametric sensitivity analysis of noise impact of multihighways in urban areas, 145
Tunisia
A comparative evaluation of the EIA systems in Egypt, Turkey and Tunisia, 213
Turkey
A comparative evaluation of the EIA systems in Egypt, Turkey and Tunisia, 213

U

Uncertainty
Uncertainty and social impacts: A case study of a Belgian village, 79
Urban land-use structure
Evaluation of urban land-use structures with a view to sustainable development, 475
US Army
Integrating environmental impact assessment with master planning: lessons from the US Army, 583

V

Village
Uncertainty and social impacts: A case study of a Belgian village, 79

W

Water pollution
Value of the SIRIS method for the classification of a series of 90 chemicals according to risk for the aquatic environment, 377
Wildlife disputes
Building consensus on divisive issues: a case study of the Yukon wolf management team, 655
Wildlife planning
Building consensus on divisive issues: a case study of the Yu-

kon wolf management team, 655
Wolf management
Building consensus on divisive issues: a case study of the Yukon wolf management team, 655
Wolves
Building consensus on divisive issues: a case study of the Yukon wolf management team, 655
